OUR MEMBERSHIP

The IMDPA represents individuals from around the world promoting the interests of metal decorators, canmakers, designers, and trade suppliers involved in metal decorating and packaging worldwide.

OUR PURPOSE

Our objective is to foster and encourage improvements and advances in the art of metal decorating through education and communications. The IMDPA provides opportunities throughout the year for our members to promote their products and services to a global community.

OUR IMPACT

"I place high value on being part of the IMPDA. There is no other group that brings together the metal decorating and packaging supply chain quite like the IMPDA. It is a one stop shop for getting the information needed to improve the quality and standards of the metal decorating and packaging process. As a decorator it gives me direct access to potential technology, partners and suppliers."

Crown Cork and Seal*
