We encourage managers to submit applications for those who meet the IMDPA’s criteria to be considered for such recognition. Download an entry form from our website: metaldecorators.org. Deadline for submission is September 3, 2021. All nominees will be given a complimentary registration to the conference and will be recognized during Wednesday’s Awards Luncheon.

FEATURED SPEAKERS

DANIEL A. ABRAMOWICZ, PH.D. | KEYNOTE SPEAKER
CHIEF TECHNOLOGY OFFICER OF CROWN HOLDINGS

*Commercialization of Digital Printing for 2-pc Beverage Cans*

Digital printing has significantly impacted a number of packaging formats, particularly those that can be web-printed such as labels, carton and pouches as well as those printed in a flat format such as spot printing on ends. Although inroads have been made in direct-to-shape digital printing for metal packaging applications, commercialization has been limited to lower volume opportunities such as craft beverages. This presentation will discuss the state-of-the-art for digital printing of 2-pc beverage cans as well as the technical challenges that are limiting more widespread application. A new technology will be introduced that overcomes many of these limitations.

GARY HEMPHILL | KEYNOTE SPEAKER
MANAGING DIRECTOR OF RESEARCH OF BEVERAGE MARKETING CORPORATION

*Trends in the U.S. Beverage Market and Its Packaging*

The U.S. beverage marketplace is evolving with the emergence of new segments, brands and companies. Likewise, today’s consumers have grown more discerning, demanding variety, healthfulness, and convenience in their beverage choices. Gary Hemphill will cover the ever-changing marketplace and the implications for packaging in this thought-provoking presentation. Get a look at 2020 beverage developments and data, plus a peek into the future. Gary A. Hemphill is Managing Director of Research at Beverage Marketing Corporation and has more than 25 years’ experience in the beverage industry. He is widely quoted in the press and has often been interviewed on both TV and radio on issues of critical importance to the beverage industry.

LISA RYAN | MOTIVATIONAL SPEAKER
FOUNDER/CHIEF APPRECIATION STRATEGIST OF GREATESTRY, LLC.

*Smart Strategies to Keep Your Top Talent*

Are you frustrated with your employees’ lack of commitment and passion? Do you wish you could connect with your team members in a meaningful way? Are you seeing their negative attitudes affect your company’s relationships with your customers? As a Certified Speaking Professional, an award-winning speaker and author of ten books, Lisa Ryan works with her clients to develop employee and client engagement initiatives and strategies that keep their top talent and best clients from becoming someone else’s. Her expertise includes: strengthening workplace culture, improving employee engagement, increasing customer retention, and initiating gratitude strategies (“Grategies”) for personal and professional transformation. You will enjoy her high energy, enthusiastic delivery and quick wit and they leave the session with ideas they are committed to acting on immediately to make positive workplace culture changes.
